The Springfield Photographic Society

The 43 Towns exhibit is a depiction of the 43 cities and town of Hampden and Hampshire counties as seen through the eyes of the 32 members of the Springfield Photographic Society. With one photo per town, each photographer captures the uniqueness of our communities with photos that illustrate their history, culture, public spaces and natural beauty.

The Springfield Photographic Society is a photo club made up of people from the novice to the professional. All photographers share a love of photography and meet regularly to share what they know to help others improve their photography skills. For more information, please visit <https://sps.photoclubservices.com> or check out their Facebook page.

Please contact Adult Services Librarian, Cher Collins for more information about displaying your art or collection here at the library. ccollins@agawamlibrary.org or (413) 789-1550 X8851.
